DoveLewis Staff & Volunteers

DoveLewis is proud to be here for you and your pet whenever you need us.

Our staff of 101 is dedicated to practicing the best medicine possible, and to celebrating the human/animal bond at every opportunity. The DoveLewis family includes:

24 DVMs We attract top notch veterinarians from around the world. Our advanced medicine and non-profit mission are especially important to doctors who are the best in both high tech and high touch.

6 Specialists Our DVM staff includes two critical care specialists, two surgeons, a radiologist, and a cardiologist.

2 Veterinary Interns, 3 Critical Care Residents and Dozens of Externs (fourth year veterinary students)

These students gain hands-on experience from our experts as part of our teaching and education program. The purpose of the program is to mentor the next generation of veterinarians and provide challenging cases for those pursuing a career in specialty veterinary medicine.

27 Technicians Veterinary technicians are like nurses in human medicine. Five DoveLewis technicians are board-certified in emergency and critical care—a distinction held by only 200 technicians across the globe.

13 Client Services Representatives These incredibly talented people talk to clients over the phone, and as they arrive in our lobbies. Their compassion and professionalism help make a visit to DoveLewis as smooth as possible.

23 Business and Programs Staff

This group includes our accounting staff, our marketing and fundraising team, our program directors, hospital administration and our CEO.

505 Volunteers who worked 13, 512 hours in FY 2009 Without these people, we simply would not be who we are. Volunteers help with office work, events, community outreach, and community programs.
