*Liberty & Lisa, They love their visits and each other!*

*Kiev & Kashi, I love you to the beach & back!*

*To my Jericho, you are always ready to PARTY!*

*Beryl Joy lives up to her middle name. Her tail never stops wagging. She is pure love.*

*Mia, you are my lifeline!*

*Gracie & Meg, I love you, my special valentines!*

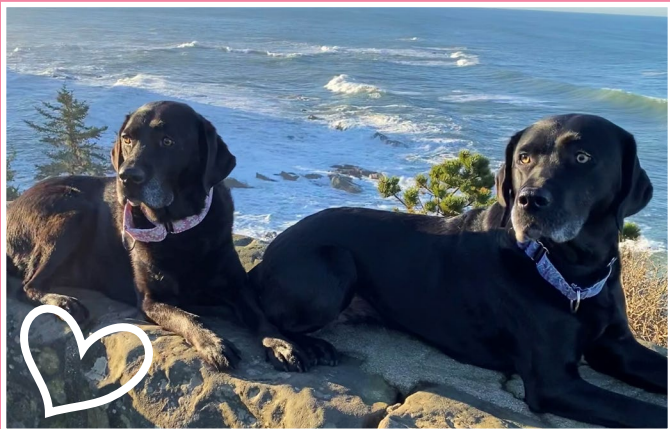

*We were so lucky to welcome Cedar to our family this year. Cedar is sweet, gentle, and silly. We love our fuzzy polar bear!*

*Buddy, You changed my life in all the best ways, and proved second chances are worth it! I love you, my lil Bud.*

*Dolly & Farrah, These two amazing creatures give us unconditional love, and are a great excuse to get out and exercise.*

*Donna & Venice, You are two very special dogs. Both of you have been so well trained with good house manners, loving personalities, and dedication to the humans that need you. You are always eager to be by other people's side to show them how special they are. So many people have appreciated their time with you, but perhaps I am the luckiest of all. Caring for you has been my joy and your daily shenanigans never cease to entertain!*

*Dearest Falla, On the day we met you, we took Otto (our Sheltie) with us. When it was time for bed, we put you in your crate as instructed. I will never forget what happened next, Otto went over and lay RIGHT BESIDE YOU. You were the family member we were missing!*

*Jones, You are such a gift! Goofy, sweet, intuitive, intelligent and loving. We love you!*

*Lady Deathwish & Gravedigger, You are both my beautiful goblin children and my love for you is deeper than the Mariana Trench. You help remind me why I do what I do, even when it is hard and discouraging. Thank you for being there for me.*

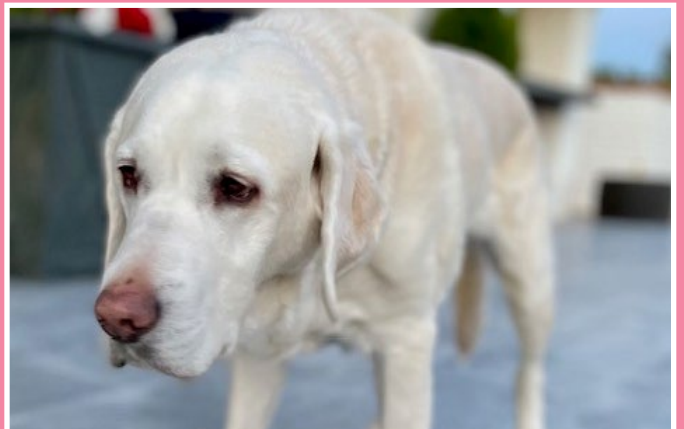

*Jeep, You keep me on my toes in the daytime, and you keep me warm at night. You've taught me so much about patience and forgiveness. You've showed me the value in feeling loved, even when you don't feel very lovable. I couldn't imagine my life without such a goofy yet sensitive drama queen of a dog like you to light up my life. Thank you for being you, even when you're being a little more "extra" than we need.*

*Indie, you are perfect. Don't let Desna tell you otherwise.*

*Houdini & Holly, Dearest of friends from the start, source of mirth and mischief, joy and affection.*

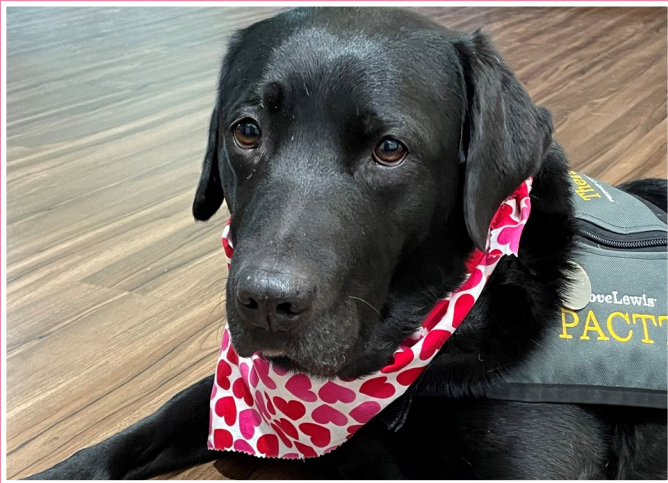

*Here is Roger, captured in contemplation. Truth be told, he is more often captured in slumber. Here, he has just heard the news that we will be going to a school in Phoenix, AZ, to have first graders read to him*

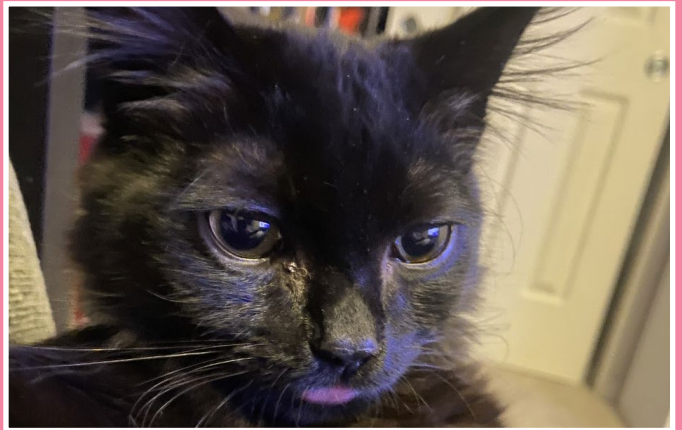

*To my sweet little weasel bear! You came into my life when I was experiencing a great deal of sadness while physically unwell. Taking care of you as a tiny puppy pulled me through the most difficult time of my life. Thank you for being so goofy and weird. You make me laugh, and feel loved and needed, every day!*

*Kelsey is ready to go to the Tigard library for Read to the Dog!*

*Anakin was rescued from a trash can when he was just 2 weeks old. I got him shortly after and he is my heart. We saved each other.*

*A special poem for my special puppies! Said Anta to me with a leap, I'm happiest if I can stay asleep, But hearing the chopping, his eyes started popping, YES! Just give me a treat!*

*Limon & Presidio, Roses are red, violets are blue, my life would be dull without you precious two.*

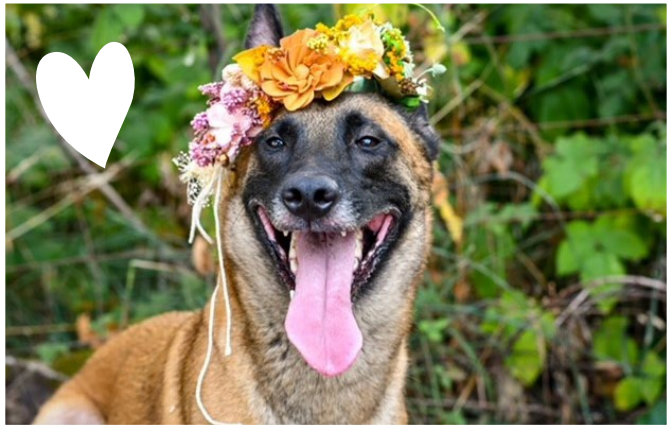

*Sweet ol' Lil, 13 years of life and you are still absolutely delightful. Bringing you into my life was the best thing I've done for myself. I love your sweetness, and your mischief. You are a gold-star snuggler and quite the comic. Thank you for so many great years, here's to a few more.*

*Mick, you are the joy of my life. Everyone he meets goes forward energized from his bountiful love and sensitivity. Greeting him is Asher, folly of my golden years, fulfillment of a childhood dream. What happiness they bring!*

*Bliss, Thank you for being my constant companion, my best friend, my everything. The love you give, the love you crave, you are truly an incredible gift to the world. I couldn't imagine a more perfect creature to be by my side.

## To All the Smiles You Provide

A patient we visited is nonverbal and has cerebral palsy. Yesterday, Lars was asked to lay next to her and in this position so she could touch him. She smiled for the first time since we have been visiting. It was a breakthrough moment and made me so proud of Lars, and the impact of a dog was so evident in therapy/healing work. It made my day.
