

Pet Seizure Log

Fill out the table to the best of your ability. It is important to track seizures so we can look for trends. Please seek immediate medical attention if the following occur: More than one seizure in 24 hour period, seizures lasting longer than 2 minutes, especially if your pet is not returning to a normal state after one seizure before having another seizure.

DATE	TIME	DURATION (TIMED NOT ESTIMATED)	DESCRIBE THE SEIZURE	MAINTENANCE (REGULAR) MEDICATION ADMINISTRATION TIMES	ABNORMAL BEHAVIORS BEFORE	WHAT WAS YOUR PET DOING BEFORE THE SEIZURE	ABNORMAL BEHAVIORS AFTER THE SEIZURE	ADDITIONAL MEDICATION ADMINISTERED (TYPE/ROUTE/ AMOUNT)	NOTES
