Save the Date for the 2022 DoveLewis Open!

Friday, July 29 | Langdon Farms Golf Club

Mark your calendar for the annual DoveLewis Open Golf Tournament, which supports the incredible work our program does for the community. Stay tuned for more details!

Save the Date for the PACTT Appreciation Party

Saturday, June 25 | Charlton Farms

It's time to celebrate all that you and your pups have done for the community. Stay tuned for more details!

Springtime Wildlife

The springtime means seeing lots of new wildlife around! While we can feel panicked and scared finding a small, young wild animal on its own, they may not need rescuing.

Unless a baby bird, rabbit, or fawn is visibly injured or sick, it should be presumed to be healthy and remain where it was found. More than likely, a parent is watching nearby or out finding food.
