## Pumpkin Decorating at DoveLewis

Our talented staff were broken up into teams to decorate pumpkins this spooky season. Which is your favorite?

## Beaverton B-SOBR

Beaverton B-SOBR Court and the Beaverton City Council recognized PACTT teams for their dedication and service in their courts. Judge Britton also put together a basket of toys for the Blood Bank!

## Ladies in Blue

The Ladies in Blue Clothing Closet was founded in 2019 by a group of local female police officers looking to give back to their communities. This is a free clothing event for community members annually. Officer Michel Wilson is the Rock Star that initially started this program out of her home and quickly out grew that space. It is such a benefit to all involved. Our therapy teams work with Michel in the Beaverton Courts.

# Dogtoberfest Success!

We raised \$10,000 for the DoveLewis Blood Bank this year!

## Help! The Blood Bank Needs Toys

Let's show some love to our Blood Donor Superheroes! They give selflessly, now it's our turn to give back. Help us by sending toys they'd cherish and enjoy at home after their donations. Just a friendly reminder, no rope toys, please! Your support means the world to us and to them.

## Sharing is Caring!

I remember in the airport with Kiev, a young mom came over to get much needed doggie love. She had escorted her young daughter on to the plane & the mom was very upset about saying goodbye. Her daughter was flying alone. Kiev sensed that she needed comfort, so he leaned in to her legs. The mom sat on the floor & Kiev curled into her lap. She buried her face into his fur & wept. Kiev didn't move. His tail was gently wagging & he would give her a kiss or two.

After several minutes, she dried her eyes & gave Kiev a giant hug goodbye. She said to me, I don't know if I could have made it safely home driving alone. Kiev gave me the love & strength that I needed at the perfect time. She said, Thank you so much. After she left us, I cried a tear myself.

-Debi and Kiev

## ***Holiday Pet Tips!***

We are nearing all sorts of potential trouble for our pets. Chocolate, turkey dinners, holiday decorations, and more! Make sure to keep an eye out these coming months:

- Candy and Candy Wrappers – let's avoid those upset stomachs!
- Trick-or-Treaters or Holiday Guests – Pets may run if the door is open.
- Candles – Curious pets should stay away from the flames.
- Decorations and Costumes – Danger! Make sure they don't make a snack out of holiday lights, costumes, decorative plants, or liquid Potpourri.

## **Cozy Up with Some PACTT Apparel!**

***Autumn leaves and PACTT gear, please! Check out the new website and pick out your favorites for fall.***
